The difference between state-level poverty and insurance rates depicted in the pie graphs above and county-level rates indicated on next page is due to the data year and source. To compare a county's poverty and insurance rates with that of its peer counties, use the poverty and insurance rows in the Economic and Health Indicators sections on the next page. If referencing only the state's rates, use the more recent state-level data available in these pie graphs.

Kansas KIDS COUNT is produced by Kansas Action for Children (KAC) and funded, in part, by the Annie E. Casey Foundation. The findings and conclusions presented are those of KAC and do not necessarily reflect the opinions of the Foundation. Data collection and analysis were provided by the Kansas Health Institute. Kansas Action for Children is a nonprofit, nonpartisan organization dedicated to shaping health, education and economic policy that puts children first.
